

Meet the Shareholders

Deon Schoeman, Operations Director, Deon Schoeman Snr, Founder & CEO, and Tertius Dames, Head of Distribution & Logistics

Deon Schoeman Snr was born in Port Elizabeth and grew up in Cotswold. He is a first generation pharmacist coming from a humble, middle-class family. He opened Klinipharm Pharmacy at the Westway Centre in 1984. With his strong work ethic, hunger for knowledge and passion for his local community, he grew the business year by year. Deon enjoys spending time with his family and has a keen interest in gardening. He is the inspiration behind the company slogan: "Caring for the Community, Caring for you". **Today, there are no less than twenty Klinikare Pharmacies in the Eastern Cape, Plettenberg Bay and even in Bloemfontein.**

Deon Schoeman Jnr grew up watching and learning from his father. After matriculating from Alexander Road High School he obtained his Pharmacy degree from Potchefstroom. He then furthered his studies and obtained his BComm. This secured him a top position at Clicks Holdings, where he thrived as Area Manager for the Free State & Northern Cape. Deon was National Pharmacy Manager of the Year (2014). After starting a family of his own, he decided to join the family business and relocated back to the Eastern Cape. He brings with him a wealth of knowledge and corporate experience and is galvanizing the Klinikare Group into a modern, service-driven healthcare and pharmaceutical organization in step with top industry trends.

Tertius Dames matriculated from Framesby High School and joined the company as a student in 1995. Tertius, a cousin of Deon Snr, obtained his Pharmacy degree at the University of Port Elizabeth. Renowned for his wonderful communication & people skills, Tertius is responsible shareholder at Klinimed Pharmacy, as well as Klinikare Distributors. His hobbies include racing pigeons and fishing. He is a family man and much like his pigeons, his children are also starting to leave the nest now. Tertius forms an integral part of the history and fabric that make up Klinikare.

Nico Eyre matriculated at Despatch High School in 1990 and chose to venture into Information Technology. He was employed by numerous service providers to work on the Klinikare Group's IT systems and did so for almost 18 years. One day he approached the shareholders about opening pharmacies in the trans-chatty region which includes Despatch, Uitenhage and Kirkwood. The rest, as they say, is history. His calm demeanor and solid business acumen has endeared him to customers and suppliers alike.

Nico Eyre, Shareholder and manager of the Klinikare Pharmacies in Despatch, Uitenhage, Plett and Kirkwood area.
